PROFESSIONAL SUMMARY

I am a strong learner who likes to spend my time asking questions and learning about different aspects of life. I often apply these skills in problem solving to come up with creative solutions. I tend to work well with people and am good at solving conflicts due to my ability to see a problem from various angles. Currently, I am looking for a post-graduation fulltime position.

SKILLS

Knowledge in Java, Python, React, SQL, GIT
Strong leader

Proficient with Agile
Strong initiative

WORK HISTORY

FREELANCE - YANMAR *Fullstack Engineer | Adairsville, GA | May 2020 – Present* As a freelancer, I gained experience as a full stack developer. Individually, I created a frontend, React Native, app and built out a serverless backend with AWS. Furthermore, I was able to gain experience dealing directly with business and marketing and learned various principles of design.

BLUECROSS BLUESHIELD MN *Digital Platform Intern | Eagan, MN | May 2019 – May 2020* Over the summer, I worked closely on various projects that heavily involved many different tools such as AWS, SQL, and React. I worked not only on developing websites but learned a lot about the process of moving projects through various stages of the development process. I further developed my understanding of GIT by setting up CI/CD processes.

IOWA STATE OFFICE OF FINANCIAL AID *Student Web Developer | Ames, Iowa | February 2019 – May 2019* At the Office of Financial Aid, I worked with maintaining and developing the intranet and main website. At this position, I learned many technical skills in coding by setting up frontend websites and backend file systems. Furthermore, I learned a lot about a RESTful API and used GIT to share much of the code between my colleagues.

KINGLAND *Data Research Intern | Ames, Iowa | May 2018 – January 2019* As a Data Analyst Intern, my job was to research lists of companies using the Insight software. I worked in a hands-off environment that taught me a lot about being able to set my own schedule, managing the process of accomplishing goals, and reaching out to management if I had pertinent questions.

EDUCATION

IOWA STATE UNDERGRADUATE: Iowa State University *Ames, Iowa | 2016* At Iowa state, I am currently working towards my undergraduate degree in Computer Engineering. I am the Social Outreach Officer of Film Club and am heavily involved in Stand-Up Comedy Club.

HIGH SCHOOL DIPLOMA: Eagan Highschool *Eagan, Minnesota | 2016* At Eagan High school I did an array of clubs like debate, tennis, and robotics while doing many honors and college classes.
